Please see the important training announcement below!
The Florida Division of Emergency Management, Recovery Bureau is providing the following training for Monroe County & its Municipalities:

FL-604-Procurement Disaster Assistance Training “Super Circular”

This ½ day course provides the student with a detailed overview of all new Procurement Guidelines covered in 2 C.F.R. §200.317 through 2 CFR §200.326 and Appendix II. This course will cover the “new vs. the old” CFR rules; what has changed; and what those changes mean to you. There will be two Power Point slide shows covering all the information above as well as several case studies, and some hypothetical scenarios. There will be no test at the end of this course.

Who should attend? **Local government personnel that manage, or procure contracted services and goods using federal grants**
